Negotiated Homework Tasks-Term 4 2013

As part of our unit on Advertising you need to complete a task each week from the list below.

Some tasks may take 2 weeks to complete.

If you work in a small group, the final product needs to be of a suitable standard and quality for the number of people involved.

You will need to discuss your selections with your teacher.

Have fun!

| Cooking                         | 1. Cook your favourite recipe and bring the results in to share with your class. Provide the recipe in procedural text form, including ingredients and method.  
                                 | 2. Write a food or restaurant review. |
|---------------------------------|--------------------------------------|
| Design and Technology           | 1. Invent something. Provide information about what it does, how it was made and why it would be useful.  
                                 | 2. Review a webpage and then construct one of your own.  
                                 | 3. Review a computer game and then design one of your own.  
                                 | 4. Design your own dream home or car. Include measurements  
                                 | 5. Design a flag to represent your class. |
| Sport                           | 1. Review a sporting event.  
                                 | 2. Write a procedural text on how to play a sport.  
                                 | 3. Compile a biography of an athlete.  
                                 | 4. Make a model of someone playing your favourite sport. |
